Class Information

Kinder Programs: A great introduction to dance for the younger students. These classes include fun games and exercises to assist students with their memory, mobility, flexibility and musicality.

Royal Academy of Dance (RAD) Based Ballet: The foundation to dance. This discipline teaches posture, proper arm and foot positions, turn out, strong inner core and general technique. Ballet is mandatory for all company dancers taking jazz, lyrical, modern, acro or tap. Ballet classes do not compete. We offer a variety of graded classes and vocational. Each class will learn exercises from the syllabus that best suits the class. We hold in house exams for every class. No RAD traditional exams.

Open Ballet Technique Classes: These classes help to stretch and strengthen the dancers. Open exercises allow the students to focus on an evolving ballet vocabulary.

Pointe: On toe shoes, pointe and intro pointe classes are offered for aspiring ballerinas.

Jazz: A fast paced, energized class with popular music. It includes stretching, strengthening, across the floor exercises and choreography.

Jazz Technique: A class that includes stretch and strengthen as well as turns and progressions. A mandatory class for company students to work on and maintain their level of technique.

Lyrical: A slower paced class using popular ballads for music. Stretching and technique work is a part of this free and expressive style of movement.

Hip Hop: A fast paced funky class focusing on warm up and routines, filled with the latest popular dance steps and music.

Modern/Contemporary: An evolving style of ballet-based movement that is initiated from an emotional standpoint.

Stage/Musical Theatre: A class where acting and basic dance steps come together. This class is perfect for dancers who love to be on stage and want to put more animation and emotion in their face and dance.

Acro: A variety of gym tricks (cartwheels, walkovers, etc.) incorporated with a variety of dance disciplines.

Tap: Rhythm, style and technique come together in this funky style of dance where your feet make the noise.

Recreational Classes: Recreational Classes are for dancers who simply enjoy the art form and passion for dance. They perform twice a year, first is our Winter Performance in December and then our big Year End Recital in June. Students learn stretches, exercises, progressions, combinations of choreography and a full routine. Students learn self confidence in a positive and informative atmosphere.

Company Classes: Fusion Force Competitive Company is a program for dedicated dance students who are looking for the challenge of being part of the competitive dance world. This program is by audition only, and requires commitment from all students involved. Please check the audition schedule and requirements for each individual class. Being part of a dance company is a lot of fun with many rewards. You are part of a team and you must be prepared to attend every class and rehearsal. Company students are not to miss more than three classes per discipline per year. All classes missed must be made up at the teachers' discretion. Please take into consideration extra expenses such as competition entry fees, costuming and travel expenses. Extra rehearsals may fall on weekends or holidays, but we do try our best to avoid these situations.

Company Lines: A company class of combined ages in the discipline of contemporary, jazz, lyrical & tap. Choreography is set in the summer; all students must be approved at auditions.

Convention Group: A small group of dancers interested in competing and training at conventions throughout Canada and the States. All students must be approved at auditions.
